

WASHROOM

VECTAIR **E-Z FLUSH™** E-Z Flush™

*“Convert Your Manual Flush Valves To
Sensor-Operated Hands-Free Flushing
With The Vectair E-Z Flush Control™”*

The Vectair E-Z Flush Control is the most installer-friendly flush valve retrofit kit on the market today. Not only does E-Z Flush Control allow you the fastest and easiest changeover, but E-Z Flush Control gives you the tools, batteries and adaptors to start and complete the job. Unlike other kits that limit themselves to the number of manufacturers and models they can retrofit, E-Z Flush Control's unique handle port mounting feature makes E-Z Flush Control the most versatile flush valve retrofit available today. Once installed, E-Z Flush Control provides trouble-free automatic flushing for both the building owner and the user.

Retro-fit flusher to give your restroom the latest in technology and operation.

WASHROOM
